Professional Summary

Laravel & PHP Backend Developer with 4+ years of experience in full-stack web development, specializing in RESTful APIs, MySQL optimization, and scalable backend architecture. Proven ability to deliver production-ready systems for banking, CRM, and IoT domains. Passionate about clean code, performance, and automation. Currently upgrading skills in Redis, Queues, and Deployment.

Technical Skills

Backend: PHP, Laravel, Nodejs, ExpressJs   **Frontend**: HTML, CSS, Bootstrap, JavaScript

Database: MySQL, MongoDB   **Tools**: Git, Postman, VS Code, cPanel

Learning: Redis, Queues, ReactJS, NestJS, Laravel Deployment

Professional Experience with Projects

1. Laravel Developer – Houzeo | August 2024 – Present

Project : **Houzeo.com** (US-based Real Estate Platform)

Tech : JS, PHP, Laravel APIs, Queues, Jobs, Notifications, Dynamic Linking.

- Built and improved **multiple API modules** for mobile apps, used by thousands of real estate users across the US.
- Created an **in-house dynamic linking module** to replace Firebase Dynamic Links after deprecation, supporting both Android & iOS deep linking.
- Developed **notification engine enhancements** including conditional logic, messaging triggers, and event-driven flows.
- Built automated **data filtering and sanitization workflows** using Laravel jobs and queues.
- Delivered small-to-mid level features and bug fixes, ensuring backward compatibility and app stability.

2. Software Engineer – Fermion InfoTech Pvt. Ltd. | May 2022 – August 2024

Project : Digital Fixed Deposit Portal

Tech: Laravel, NodeJs, ExpressJs, MySQL, JavaScript.

- Built full-stack FD platform with **EKYC (Aadhaar/PAN) and UPI Payment Gateway**.
- Developed secure **admin panel** for customer, KYC & FD lifecycle management
- **API development** and integration for video KYC and bank core system
- Result : Successfully handled thousands of daily requests for a live banking product

3. Software Engineer – Heatcon Systems Pvt. Ltd. | Dec 2020 – Apr 2022

Project : MarathaMilan (matrimonial web platform)

Tech : HTML, CSS, JS, PHP, MySQL

- **Backend logic Enhancement** for user profiles, shortlisting, and premium membership
- Worked on performance fixes and **query optimization**

Education

Master's in Computer Applications from Pune University | 2018 – 2022
